MEN'S SIZE GUIDE

Our range of clothing and footwear is designed to provide a generous fit for maximum comfort. Coats, jackets and parkas are designed to be worn with under layers.

IMPORTANT MEASURING TIPS:

1 - Chest:

Measure around the fullest part of your chest. Do not draw the measuring tape too tightly.

2 - Waist:

Measure your waist circumference at the level of your belly button. Wrap the tape measure around your natural waistline. Order the size that corresponds to the distance between the buckle and the middle hole.
